“ *Lida was such an inspiration to me. Lida was president of the Bartlesville Education Association when we had a walkout that was approved by our school board. They let us out for a week so that we could go to the Capitol to get more money and benefits for educators and students. I remember walking around the Capitol with her as she was leading us and talking to us the entire time. Because of her, I was president of the same organization many years later. I told her how much I admired her and how inspired I was when I was around her. She was a wonderful teacher and friend to so many people. After I retired, I was treasurer of the Washington County Retired Educators Association. Lida would forget that she was a lifetime member and would send her dues in each year. I would call her and we would talk at length. I always tore the check up. She will certainly be missed! She was one of a kind stand up lady!*

Hope you will find some peace during this difficult time.

“ Both of my children were fortunate to have Lida as their teacher in the mid 80's at Hoover. I recall being room mother when Floyd passed, and class pitched in to provide food. Lida was a lovely lady and a fine teacher. My condolences to the family.

Lida was a classy lady and a wonderful teacher. My daughter benefited from her teaching as so many did. I was fortunate to teach along with her at Hoover for a few years before she retired. She was an inspiration to me, and a dedicated example to follow.
