“ *My Tio always stayed up late and watch tv and whenever I could sleep or I needed a laugh I would go downstairs and just talk to him for a while and he always had these great stories or jokes to tell me. He was always supportive and was there to talk if you need a shoulder to cry on, he will be missed and he is loved.*

“ *My brother was special in many ways. As a teen our dad was amazed at how quickly he learned how to fix things. He was his handy man and helped him fix things around the house. Sometimes he found some creative ways to use duct tape :) He had a huge smile that lit up any room and always made you laugh. My sons felt his love for them. They will miss their Tio Louie. He was loved by many! May you rest in peace Louis 🙏 until we meet again. Love you foo-foo!*

*Oh Luis, what can I say. I've known you since I've known your sis Lorena at the age of 8 and you've became older brother I loved to hate. We always had a love hate relationship. But you would always had my back if I needed it and vice versa. I remember when you hurt your back and burned it and I would massage it, even I was mad at you because that's what family would do. I will miss our fights and our lil moments. May you be at peace my long time adopted brother I loved to hate. Lol . I love you....*
