“ I only remember him when he was 4 years old. That was his age the last time I saw him until my father's funeral about 10 years ago. When I met him at the funeral he had really grown up to say the least. He knew my name and came up to me to shake my hand and put his arm around me like we were old friends. He gave me a big hug and told me it was so good to see me after so many years had passed. Remember he was only 4 last time I saw him. It seemed so strange but no matter he was so happy to meet me. He had a very caring warm heart and it was like he had known me all those years. It made me think how short life is and how important it is to always stay in touch with each other. I can really understand how such a loving warm hearted person as he was can really be missed. May God guide him into his holy light. Watch over him, protect him and keep him safe. Always hold him close to your heart Lord. He was such a special man in this life.

“ I am so sad to hear the news of my cousin, Mark's passing. It was a shock to many of the family. My heart goes out to his brother Rodney and his mother Mary. May the Good Lord give you peace and comfort. My thoughts and prayers are with you. And know that Jesus died for our sins to wipe away all of our sins and bless us with eternal life with him. All we have to do is accept this gift and live for Him. Love you all. Karen Wallen Cloke

We knew Mark and his brother Rod as young boys in Borger TX. Their Mother Mary was my husband's secretary for years at Phillips Petroleum at Borger, so we watched those boys grow up. So sorry to hear of Mark's passing. Prayers to his brother Rod.
