“ As my memory serves me. Not a Ball Game was every played by his children that Lesley was front row seat supporting them. I worked at Bigheart Grocery and so many times there were people needing help of some sort. Lesley was always offering some type of way to help them. What a special man,so glad I knew him. Love and prayers to all your family.

Leslie and I were classmates, 7th grade through to graduation in 1970. I haven't seen him since then. He was quiet and friendly and could be witty. Once he told me, he wanted to be a Mortitian after graduation, and he was serious. Uncle Sam had other plans. Prayers for Kelly and his family
