“ *Dad, I knew the time would come when you would leave your earthly body, but I never imagined how hard it would be to never be able to hug you, kiss you, talk to you, or tell you I love you ever again on earth! I know you are pain free, walking with Jesus playing your congas! I want to thank you for making me the man I am today. You have taught me so much throughout the years. We have laughed together, cried together, and most of all spent time together. I am truly blessed to have called you my Dad! We will see each other one day in heaven and what a day that will be! I love and miss you so much!!!*

“ My step-brother. We were both over 18 when our folks married but I came out a winner with our blended families. We didn't get a chance to have a lot of time with Vietnam and then marriage and all the time that encompasses but I was proud of you. You are going to be missed by so many.
