

Michele Ronna Mann

July 9, 1962 - October 26, 2025

Mrs. Michele Ronna "Shelley" Mann (Felker), of Bartlesville, Oklahoma, passed away on October 26, 2025, at the age of 63. Born on July 9, 1962, in Joplin, Missouri, Shelley lived a life defined by compassion, dedication, and unwavering love for her family and those she cared for. A proud graduate of Lennox High School and later nursing school, Shelley began her career as a Licensed Practical Nurse (LPN) in 1982. From the very beginning, it was clear that nursing was not just a profession for her-it was a calling. She approached every patient with the same tenderness and devotion she gave to her own family. Her caregiving extended beyond the walls of medical facilities; she lovingly tended to her maternal grandmother Lola Thompson in her final years and continued to care for many others throughout her life-including her husband James Mann, who preceded her in death on January 11, 2005; her mother Rita Albers, who passed in 2022; and beloved aunts Artha Riley ("Aunt Art") and June. Shelley's nurturing spirit touched countless lives. Whether it was through holding a hand during difficult times or offering comfort with a warm smile, she brought peace and dignity to those in need. Her legacy as a caregiver will be remembered by all who witnessed her selfless service. Outside of work, Shelley found joy in simple pleasures that brought her closer to the people she loved. She had an undeniable passion for fishing-an activity that brought both serenity and excitement into her life. She cherished every moment spent watching her grandbabies grow and delighted in time shared with family and friends. A trip to the casino now and then added a

spark of fun to her days. Shelley is survived by her devoted son, Bryan James Mann, of the home; her brother Mike Felker of Lake of the Ozarks, Missouri; and her brother Chad Shafer, also of the home. The family would also like to mention Mikey (Ferry) and Joanna. Together, you gave her the grandchildren she had always wanted, Jacob and Madeline. Close friends include Therese Tennison, Dawn

Offutt-DeWeese, and Tom Reilly. Their lives were enriched by Shelley's strength, humor, and boundless love. Her passion leaves a void in the hearts of many but also a profound sense of gratitude for having known someone so deeply kindhearted. May Michele "Shelley" Mann's memory bring comfort to those who knew and loved her.
