

Michelle Reanee Robinson

September 2, 1968 - January 15, 2021

Michelle Reanee Robinson, 52, of Bartlesville, died Friday, January 15, 2021. Michelle was born September 2, 1968, in Nacogdoches, Texas. She received her Associates of Business degree and was so very proud of this accomplishment, although her biggest accomplishment in life was the birth of her children!

She worked for Phillips 66 for almost 20 years, in the IT department. Michelle married Eric Robinson on July 16, 2009.

Michelle enjoyed sewing, knitting, cross-stitching, crochet and spinning yarn. She also liked playing video games, traveling, watching movies and playing with electronics. Michelle collected teapots and had many of them!

She was preceded in death by her mother, Glenda Kay (Griffith) Faulkner and father, Charlie Faulkner.

Michelle is survived by her husband Eric Robinson; daughters Macie Holloway and Elizabeth Campbell; son Lucas Brittain; stepdaughter Emily Gamrak; grandson Gordon Childress and sister Stacy Gamblin.

Private family services will be held at a later date.

“ *So sorry to read this, only just heard here in the UK.
I had the pleasure to work with Missy over the years and she was a lovely person and always very helpful.
Sincere condolences,*

Simon R, P66 SAP Team

“ I meet Missy way back in Lubes with Conoco Phillips a life time ago. She was a fierce Halo player, duel welding plasma pistol and human pistol she was unstoppable. I remember way back in the days of Halo 2 or maybe 3. To the family I truly am sorry for your loss. May you take comfort in the Lord and know that she is not suffering.

“ I was lucky enough to work with Missy and got a chance to know what a great person she was. I was working with her in a project during the same time last year. I will never forget the warmth her smile brought each time I met her. Missy will always be in our hearts and memories. The loss of Missy will be felt by many. May the memories of her wonderful personality and many contributions be celebrated by all. Missy will leave a huge hole in all our lives. Missy had a tremendous impact on all who got to know her. I will miss her with all my heart.

My heartfelt condolences to her family.

“ I met Missy in 2017 when I transitioned from Phillips 66 Commercial Supply and Trading to P66 Lubricants. She was such a joy to train with and I was so happy to find a subject matter expert for our reporting tools. She was kind, warm, and someone who took the time to get to know you as well as train you. We stayed in touch over the years, and I have to say, I always looked forward to laughing and talking to Missy! We spoke last in December 2020 when she was training me on new reporting systems, and we took some time on that call to share some photos of our families. She was so proud of her kids and grandbaby, and you could just tell that they brought so much joy to her world. I am going to miss working with Missy, and I send my warmest thoughts and regards to her family. I hope that you all carry Missy's amazing spirit forward in life and continue to spread her laughter and love.

“ I met Missy in 2003. She was the reason I joined Lubricants. She talked me into it. I was in IT and jobs were moving to Bartlesville and I couldn't move with my job. We were friends and colleagues ever since. I loved her laugh, her love for her family. Often times when Missy was training me on the latest - we would spend at least our first 30 mins catching me on up on her kids and grandchild. She beamed with pride and joy! I loved her - she was a good friend. At times she was a good sounding board and voice of reason. She always was a great teacher - even when she was receiving oxygen she shared her “tips” on the best tape to buy to keep in place the tubes! When I read this I chuckled. This is who she was. She was transparent. She was real. You knew her!!! I will always remember her and cherish my memories of her. I was blessed to know her.

My sincerest condolences to Missy's husband and children and grandson.

Missy was a beautiful wonder and she made you smile just being in her presence. She was always willing to help you with anything. Her training were outstanding. When you see Missy, she would always asked how were you doing and how's the family. This was not just casual talk; Missy really wanted to know how you were doing and enjoyed talking about her family.

As we reflect over her life, remember the joy you felt when she was around. That memory will not go away.

My prayers to the family. God will comfort you and carry you through the time.

Missy was one of the first people I met as I transitioned into Lubricants here at Phillips 66. She was a bundle of energy and joy! We only communicated via telephone and/or virtually, but she always had a smile on her face. She was one of the most helpful and pleasant people I have ever spoke and worked with. I will miss her. May she RIP. My condolences to her family. May God Bless you and bring you peace during this time of mourning.

While we never worked on the same team together, I have known Missy for many years. It never failed, I would go over to ask her a question and an hour later would find we were laughing and joking about any number of topics. Missy was a great lady and will be sorely missed. My thoughts and prayers go out to her family.

I first met Missy in 2017 when she provided IT support for a project I was working. She was always so cheerful and funny. I enjoyed working with her and the contributions she made the project continue to benefit users today. Missy will be missed not just for her technical skills, but the positive approach she took with her work. My condolences to her family.

*Eric and family,
I'm so sorry to hear about Missy. I worked with her several times over the years and regardless of the group, project or customer the thing that was always the same was her positive attitude, willingness to give anything a try and teamwork. She was a joy to be around and I will miss her smile and laugh.*
