“ *Nancy treated me as if I were her own daughter from the minute Bob first brought me home to meet her. She never hesitated to drop everything she was doing to babysit the girls or to help me with something. I'm really going to miss spending time with her - shopping, cooking family dinners, going to concerts and school functions, playing games and talking about the kids and Winston our cat (he's like another grandkid to her). I love her very much and have been very blessed to have her in my life.*

“ My Dear Aunt Nancy, I wish I had the chance to tell you how much you have effected me and my life. I could never thank you enough for taking care of my brother and I when we were kids, and even now when we're grown. You and My Grandma are two of the most amazing women i know. I miss you so much already. I apologize for not spending enough time with you while I could. I love you so much Aunt Nancy. & Oscar, too! I can't wait to see you again, when Jesus comes back for the rest of us. And please, please look over the rest of our family until then.. I know you are. Love you Aunt Nancy - Chane.

“ I will not say goodbye, just see you later. I love my Aunt Nancy. And I already miss her more than words can say. She lived for her family, grandkids and kids or which she considered me one. Sometimes she had to be my mother when I couldn't get along with my own and she liked doing it and was always there at just the right time. We had tons of great times, laughs and cries together. She loved without judging and forgave without grudges. She did know how much we all love her. See you later Nancy, you are the best!
