“ Pat loved to quilt and she made beautiful quilt tops. Once in a great while she would bring one over and be disappointed in it, but after it was quilted she always said, "Well that turned out better than I thought it would, I think I like it now." She always had a smile on her face and made me happy to just be around her. My husband would go outside and talk to Bob in the car while we girls chatted up a storm about quilting, etc. Pat will be greatly missed by all of us quilters. I have enjoyed many years of machine quilting Pat's quilts for her. She has left some beautiful keepsakes to each of her loved ones. With all our love and prayers for her family and loved ones.
