“ We loved Phylis like family. In fact, I have told her many times that she was like the sister I never had,. She has sat up with me through the night on more than one occasion when my mother was Isick in the hospital. She and my mom have been friends for more than 30 years. She told us each time we saw her all about her family and they meant so much to her. Her face lit up. Every time she shared a story about the grandchildren. I will miss her very much and her friendship went far beyond our working relationship. I am happy to know she is with out Lord. She is in heaven smiling downon us all.
