“ It is with a sadden heart that I learned of Richard's passing. I know he is in a better place now. I have known Richard for over 40 years. We went to Dewey Schools together and graduated together plus we both worked at the research center. I will always remember Richard as a good friend that always had the same warming smile. Heaven is cheering to have Richard home.

“ I was so very sad to hear about Richard this morning! I spent a lot of time and many nights with the Dillon's in grade school and junior high. Those were back in the days when Grandma and Grandpa Dillon lived in Dewey with Jake and the kids. You all have a very special place in my heart! I know losing Richard is a very hard thing to go through. My prayers are with all of you! Much Love.

“ I worked with Richard at the ConocoPhillips research center for several years. As nice a guy, as hard a worker, as true a friend as you will ever find in this world. He had the greatest laugh. The world is a poorer place tonight without you, Richard. Thank you for all you gave us.
