To my Goldsmith family, I love you all so very much! Parker held a special place in my heart. No trip back there was ever complete without a lengthy visit with Parker! He was a favorite of my many Oklahoma cousins, which numbers are sadly thinning out drastically. As a child he taught me how to dive and about scrapping. He fulfilled my curiosity passion by letting me tinker with things. He made some amazing concoctions with fruits and vegetables in mason jars, which I immensely loved! His voice was mesmerizing to me! Being hearing-impaired from birth, his resounding deep bass voice surpassed that of Darth Vader and Orson Welles, and I frequently reminded him of that! I'm so blessed for an abundance of memories, photos and home movies with him! I will love and miss him the rest of my days and look forward to reuniting with him, Kasey and many loved ones when my time is up! REST IN PEACE, COUSIN! I LOVE YOU!
