“ I worked with Roy for about 17 years. He was always ready to lend a hand to help you out. I think he could fix about any kind of mower, or small engine. He fixed a chain saw and a few other things for me. He had a sense of humor that kept you laughing. And he would never turn his back on his family. If they needed anything. He was loved by many. And he will be missed out here at the CMS shop. I'll see you up in Heaven my friend.

“ I worked with Roy for 16 years at American Airlines. When Roy came to work at AA, he was assigned to me to train in Shipping. He always had a story and a great sense of humor. I even sold my old Ford Ranger truck to Roy. Roy always strived to provide for his family and was a loving soul. I'll miss him and may God bless him and his family. Rest in peace Roy Roberts..Your old AA buddy..Mikey

“ I worked with Roy in the same shop for almost 18 years at American Airlines. One of many things I am going to miss will be his endless supply of hilarious and witty one liners! I would always tell him..."Roy I'm gonna use that one!" He had a great sense of humor and was always making me laugh. Roy was a great guy would be the first one to help when you needed it. He is missed...Rest In Peace Roy.

“ I was Roy's Crew Chief at American Airlines. We worked together for many years. I will miss Roy's stories he would tell about his past jobs and adventures. Roy was a very handy guy. I remember one time when he drove to Claremore to work on my parents lawnmower. He helped me many times doing various repairs to equipment. Roy spoke often about his family and loved them all dearly. I will miss Roy immensely. God bless the family.
