“ *I had worked with Joanne all of the time she was at Oral Roberts and then on Saturday's I would see her at the soccer games. I remember one snowy morning I got to work and Joanne was not here. She was so dependable that I knew she was most likely off in the ditch shortly after that we heard from her and she was waiting on the wrecker to get her out of the ditch.*

*She was a great co-worker and employee and great person. My prayers are with the family.*
