

## Shelli Rene Michaels

April 17, 1967 - December 10, 2018

Born 51 years ago in Miami, FL, our beloved Shelli passed away peacefully on Monday, Dec. 10th at Jane Phillips Hospital in Bartlesville, OK, surrounded by loved ones. She will be deeply missed with unconditional love by all of her friends and family.

Shelli was devoted to being a good mother during the early years of her children's lives, truly living for them and making sure they had a good foundation. Elaine and Alex were the most important loves of her entire life.

Her Bachelor of Science degree in nursing and serving as a professional registered nurse for 24 years was a source of great pride to Shelli. She was a skilled and compassionate nurse with much recognition along the way and a host of appreciative patients and their families. During her nursing career, she was also privileged to teach and mentor students at Seminole State College in Florida which ended up being the most enjoyable and rewarding time of her career.

Her passion for cooking and experimenting with many recipes led to her desire for writing a cookbook dedicated to her children. It was filled with their favorite dishes that she prepared for them.

Classic rock was what Shelli loved to listen to and rock out! She also loved

football and her voice was the loudest with any exciting play. Her teams were Dallas Cowboys, OU, and OSU. She also volunteered her time with several local charities.

She is survived by her partner in life, Jon K. Hargis from Bartlesville, OK and her most precious children, Elaine and Alex. Their father, Paul Michaels, from Sydney, Australia and all of his family there mourn her as well. Her mother, Chrysse Langley and her step-father, Mark, from Palm Coast, FL along with her father, Ken Fenimore and his wife, Lori, from Oviedo, FL also deeply mourn her loss. Her brother, Blake Fenimore, from Altamonte Springs, FL will greatly miss her. She leaves behind many more cousins, aunts and uncles, other family and a whole host of friends. Her faithful golden retriever, Pandora, will stay with Elaine.

We wish to thank the CCU unit staff at Jane Phillips Hospital for their compassionate & loving care.

Also, thanks to Stumpff Funeral & Crematory for providing cremation services.

"And He will wipe out every tear from their eyes, and death will be no more, neither will there be mourning nor outcry nor pain anymore. The former things have passed away." -Revelation 21:4

“ *Dear friends, we just became aware that Shelli passed away. We are so sorry that you lost her. Our memories of your family go back to when we attended the book study at your home . (East of town in Tulsa) So many years have passed since then but we still think of you often. We have fond memories of the Owasso and East congregation where we were together. We remember Shelli and Blake as very well behaved and respectful young ones. Our hope to see her again is very certain and very near! We send our heartfelt love to all of you. Dick and Linda Keller*

*“ I just learned of Shelli's death and want to extend my sympathy. Elaine and my daughter became best friends in kindergarten, and Shelli and I became friends. Elaine and Alex, our hearts go out to you.*

“ Our visit to NewOrleans about 15 years ag really stands out in my mind. We did all of the tourist things, enjoyed great jazz & blues, over ate at Acme Oyster House, and went two steppin’ at Mamous. Shelli got to play the washboard up on stage with the band. She did a really good job with her washboard & spoon; keeping time with band. We packed a week into those 3 days!!

AV

“ Shelli has been a warrior for all the suffered from PTSD due to Trauma that was so terrible when she was only 9 years old. She will always be in my heart as a sister with PTSD and a sweet loving niece. Love you Shelli

CL

As her mother, I still recall clearly the day we brought our baby girl home from the hospital. She was fiesty from the git-go & fiercely independent. She had a big beautiful smile that won people to her. We didn’t see it often enough these last couple of years. Although her light has gone out for now, she is sleeping, awaiting the resurrection into a new system of things in which she will be whole & truly happy 💖
