“ *Wow, just found out about Steve's passing. What a shock. Shared many good times with Steve and although we lost touch over the years he was never far from my thoughts. A great friend.*

“ *Steve , and all of the friends that we grew up with had a real good bond with each other . We played all kinds of sports , raced model cars , and played a lot of electric football together . Steve always had a great attitude about things , he was a good guy that I called my friend ! As we got older we went our separate ways but I never forgot about those good times growing up , and all the guys we all called friends ! I'm sorry for his family's loss , Steve was a great man !*

“ Steve was a great friend within our neighborhood growing up. We all shared a lot of good times together. Although I moved away from Bartlesville in my twenties... I always had fond memories of Steve over the years.

Until we meet again... carry on my friend.
