“ I am saddened to learn of Susan's passing. I would have loved to have gotten to know her better. Although our group didn't have the chance to see her more often we hope the times that she spent with us at our meetings were times of encouragement and friendship. “ Those we love remain with us for love itself lives on, and cherished memories never fade because a loved one's gone. Those we love can never be more that a thought apart. For as long there is a memory, they'll live on in our hearts. We are very sorry for your loss.
