“ I remember when we grew up side by side, and I can never forget your laugh! but life has its twist and turns to separate even family. I am so, so, sad that I was not there for you cousin as I defended the country for over 20years and then moved to South Africa afterwards. As one of the few men in our family I will return on your behalf especially and be by our family i am going to miss miss miss you a lot as we needed to catch up on lost time, but at least I got to talk you last time I was home.

, and helped you move of your house to a better place. I still have the flashlight YOU GAVE ME AND I WILL NEVER PART WITH IT. We were born a few moths apart and we never had an issue between us ever! I want to send my condolences to aunty leatha and the whole family as I am really in shock now and don't know what to say. I miss my entire family and I think it was too early for Sylvia to visit god. I don't have a favorite cousin but if I were to choose , it would be you! rest in peace my cousin as we will meet again. I cant come home as I have legal obligations here holding me in this country but ive learned to deal with death a lot in the military but not with my family so im really heartbroken and speechless. those people don't matter but at the end of the day family always does. Wow im just sad writing this but thanks to everyone who helped with all the arrangements as that would've been my job. Im coming home soon , god bless our entire generation and extended family, yours truly- Phillip dusean Livingston.
