“ *Dear Fred and family. Having known Jeanie since she was a baby, I'm so sorry for your loss. I know I had to have met you more than once, also, as our families were pretty close for so many years. Jeanie always had a smile on her face and a positive thing to say. Please accept my sincere sympathy on your loss.*

“ Fred, this is Mark Meiering, your RHS classmate from 1962. I am so sorry to learn of your loss. I lived in the same neighborhood as Jeannie growing up and remember her fondly.

I lost my wife of 50 years to brain cancer in 2019. It has been a difficult and troubling path, so you have my sympathy that you have to travel this now. I don't have any answers as to how to move forward on this path and can only say that it is tempting to withdraw from the world so no one sees you grieving. But don't do that; stay connected to your circle of friends and let them help you emotionally as well as otherwise. This is what your friend from long ago has learned.

PS you are going to hear people tell you some "unhelpful" bromides, but realize that they do it with good intentions, as most don't know or have not experienced what you are dealing with.

Peace to you, Mark

“ So sorry to hear of Jeannie's passing. I knew her through school in Roswell. She was always a delight. Our grandparents also knew each other. She was a wonderful person. To Fred and her family you have my deepest condolences.
