“ As I’m sitting here I’m thinking about all the memories I had with my nana . She was such an amazing woman , she taught me to be me . I remember when I was little i used to stay every weekend with my pink suit case, lol . I remember when she took me fishing at the dock and she thought she caught a tree... noo she caught me lol! Growing up every 4th of July she went all out she cooked tons and tons of food she always made cupcakes the night before and she’d have them put up. Papa and I would sneak and take some , now who’s gonna yell at us for eating the cupcakes ? Every Birthday she’d call me and say she loves me , she would always answer the phone for me . I’m gonna miss her . At my cheer games , she would scream them too. She was always supportive & loving . She always made the best spaghetti... oh and don’t forget her tacos ... she helped me pick out school clothes , I call her when I need to vent . Man I only go to the casino to go with her ! She made everyday of my life worth living, and nana I’m so sorry that I didn’t graduate while you were here . You know I used to hate when you called to tell me what I’m doing wrong but , ID DO ANYTHING TO TALK TO YOU AGAIN . I saw you take your last breath, and you watched me take mine .. I love you nana .
