“ Terry was a great guy. I first meet him at Nationa Zink. I was working there as a summer job and he was my supervisor. I learned alot that summer and especially learned what a cool guy he was. Come to find out my Dad would become friends and work with him later in life at Phillips. He was everything everyone has said about him and more. I'm sure he's ridding in the heavens now because we all know Jesus rides a Harley Davidson.

“ A man of his word. Never meet a stranger, and treated everyone the same. This man could set with Kings and Queens or Hobo's and bums and never miss a beat of treating them the same. Loved that about him. He will be missed by all that knew him and his family will be lifted up in our prayers for the days ahead of them.

“ I have worked with Terry ever since I started at Sinclair back in the fall of 2007. We have had a lot of fun and we quickly discovered our similar politics gave us a common bond. We had fun arguing with each other to the other operator's delight, then going outside and laughing about it together. He was a good friend as was evidenced a few weeks ago when he came up to visit me in the hospital and brought a couple of magazines for me. I will miss him greatly.

So sorry to hear of Honky's death. He was a great man who touched many lives. My first introduction to Honky was when I moved into the neighborhood on Comanche and watched him drive his motorcycle into the house every evening.
