“ This morning I woke up with the song "unforgiven" by Metallica in my head. That song reminded me of Ted, who I knew in Santa Fe, NM in 1993. I've tried looking him up all these years, just to see how he was doing. I didn't have much luck. I decided to try again today. I am so sad to find that he has passed. He was the kindest, sweetest, best person I ever knew, and I'm sure his departure from this world is heavily felt by all who loved him. Rest in peace, Teddy.

“ Teddy was always a kind soul. Last minute difficulties kept him from walking with our graduating class, but he was still with us. We lost touch the last many years but will not be forgotten. Class of 89!!!

“Teddy as I called him when I was much younger living in Kansas was a great friend. We had lots of pool games and just hanging out with friends and staying up late and hanging out with his brothers and Shandy. As life happens you catch up here and there but time gets away from you. He will be missed. Lots of prayers for his family. Teddy I loved you and I know that you and Kenny are together again and can only imagine the reunion. Until I see you guys on the other side, this PREP will miss you!

“Ted lived next door to us when I was the manager at Nowata Gardens for a few years. He was to be commended for doing his best as a single Dad of 2 young kids. He worked every day, took care of his 2 kids and got it all done somehow. He knew how to stretch a few Pennie's till the next pay day. We talked often about meal tips and he was always coming up with unique dishes on a dime. I always laughed at some of the names he gave to a few of his dishes. Ted's Mom was a huge help to him when the kids were younger. She was the taxi cab driver so Ted could hold down a steady job and he was very grateful for her love and support. He will be missed by all that knew him.
