“ *Dr. Burris was my hero! Also my dentist while growing up. Several years ago I went on a tour of Price tower. Boy, those elevators didn't seem so small when we went to see him! My favorite memory is one I tell often. When I was in 4th grade, I fell off the top of my dad's pick up onto the cement floor of the garage (long story). My two front teeth broke. I cried and cried. When Dr. Burris asked why I was crying, I told him that now no one would marry me! He opened that special drawer he had and gave me my first engagement ring. I cherished that small plastic ring like it was the most valuable ring in the world! So, I always loved my dentist is a special way. Condolences to the whole family. He was a very special man to many, many Bartlesville and Dewey families.*

“ *Dr Burris was my dentist throughout my childhood & teen years. My family as well as myself trusted him completely. Never a doubt. He set the gold standard for the best possible dental care (& he was so kind). I measured all care after that by his, & no one ever quite measured up to him after that. He is truly missed. Mike Byfield & Family*

“ To the Burris family,  
I know all of you personally and my heart breaks for you at this time. I know Tom had been ill for many years and know now he is finally at peace. Remember all the good times and I am sure there were many. Love you all!
