“ We loved you Uncle Tommy, you always treated all of the nieces and nephews with love and there are so many great memories I am not sure how to just share one. My favorite memories were all ornery ones. He stuck his finger in his sister's sandwich every time we were around or having lunch together when we were young so he could eat it and didn't have to make his own, and then it was on..... Such precious memories of a loving family bond. He loved his siblings, and all of his children so much.

He would stick his finger in my tea or soda so he could have it too!

I forgot about that! Yes, he sure did. Loved picking on you, and seeing you riled up. So many precious memories.

You 2 were close enough to me in age that I will always have fond memories as well! Couple of my most memorable with him was the dirt bike he kept in grandpa's shop and told me if I could start it I could ride it. I would come after school and push that thing up and down the road trying my hardest. He probably unhooked the sparkplug or something. But he got me 😊
