“ *Toby was at our home after 5pm on Friday Dec 8th . He quickly repaired a problem with one of our furnaces and was about to leave when Brenda told him about her brother in Colorado just sending her a note that he had caught about 8 trout that day. Toby got out his phone and sent Brenda a photo of him with a 64 pound catfish that he had noodled. He told her to send it to her brother and say she was now fishing with him here in Oklahoma and this is what we catch. We believe this was the last call Toby made to service his customers. He had been looking after our systems for 32 years. His Dad, Wally and his brother Tim had also been involved in installing out heat and air system and maintaining it for all of the past 32 years. No one could service a unit faster than Toby and we will miss his smile and assistance in the future. We attended the service on Friday and were moved by all the words spoken by so many of his friends. We send our thoughts and prayers to all the Farris family and want you to know that Toby will be remembered by many as a kind and caring person always ready to assist with any request. God bless all of you. Guy and Brenda Sutherland*

“ We didn't get to see each other very often growing up, but when we did get together we always had a great time. Tim and Toby and I almost always ended up in a big wrestling match. But I'll always remember his smile!
Our condolences and God Bless!

“ From the first time I met Toby it was like I'd known him forever!!! A year after he spoke at Recovery Fest it was time for RF again and he came up to me in his usual bubbly smiling self and introduced himself to me and asked if I remembered him and I said definitely, how could I ever forget u!!! And we have been brother and sister ever since!!! I love u Toby and will carry u with me in my heart forever!!

“ Words cannot begin to express how I felt to hear of Toby's passing. He was so kind and giving. We had some good times at NEO that I will never forget. For years he has taken care of my ac and heater. He kept my ac unit going for years even when it should have been replaced year after year he made repairs to it. Then when the unit finally died he worked with me while I came up with the funds for a new one. We always laughed and visited about old times and our kids. He always gave my son Chase advise telling him to make good choices and to watch what he was doing. Always trying to steer him in the right direction. That meant a lot to me. I'm going to miss him coming over smiling to see what was broke now and always telling me you have to change the Filter! Heaven just gained an amazing man!

“ What can ya say other than Toby will be missed by so many. His laughter and smile was like no other. I hear him laughing as his tells one of his many crazy stories from times past. I have so many fond memories of growing up together my favorite thing was always letting him know he was older than me even if it was just 6 months lol. The memories of going to the farm in the back of grandpa Rowe's pickup picking up rocks along the way to fill the ruts in the road. Saving rocks to cause mischief on the way back trying to hit mailboxes on the road back to town lol. I know when he was greeted in heaven by our family that has past I am sure they said well Toby what went wrong with what ya did and did ya learn anything Toby would just smile and laugh and say well gotta try it again. You are so missed you loved every one and you was an amazing husband father and an awesome grandpa as well till our time together once more know I love you and will so miss you to. Love always your younger cousin Julie!!!!

“ *What a great man heaven has received and what a great loss to all he left behind. The messages he has shared will forever live in my heart and today, that is a broken heart. As I mourn the loss of a dear friend, I reflect on all the good this man has done, the lives he has saved and all the joy he brought to all who crossed his path. I love you Toby. You will be missed.*

“ *He owned the property we live at, he always had a great story to tell us. Always there to help. We had become close to him and his wife. His grand children were always playing with ours. He will be truly missed by us. Praying for peace for his family. Please let us know if there is anything we can do to help in anyway. Jim, Deb, Christy and Ken.*
