“ Kendall,

You may not remember us well, but your wonderful mother watched our children, Clayton and Elizabeth, during the summer when we moved to Houston with Phillips Petroleum in 1992. You all were very small then, but Clay and Liz were welcomed into your home and we were forever grateful to your family. We weren't used to the "big city" and it comforted us to know that Clay and Liz were being watched by someone we knew and trusted. Your mom always had a smile on her face and lit up the room. She was peaceful with a beautiful spirit. In recent years, we ran into your mom a few times back in Bartlesville; she always greeted us like old friends, and we certainly considered her as one of ours. May you take comfort in knowing that she is no longer suffering and is in a better place singing with the angels.

“Wow” was all I could say when I heard the news that Val had passed away. Another sweet spirit has gone on home and will be missed. Val was like our savior when we would spend the summers in Bartlesville, she would rescue us from all the old folks 😊 and entertain us. Tell my folks “hey” up there for me you will truly be missed.

“ I will truly miss my sister, we had so much fun together, we enjoyed the good times, the bad times and just any time. I feel like a piece of me is gone. I saw my sister suffer in her last days and it truly broke my heart. My sister has earned her wings and I will get to fly with her again some day. To God Be the Glory our times are in his hands. I love you big sister. Love your baby sister Gilda.

My sister Val has always been like my sister. We were raised together on Oak St. In Bartlesville. You are in a better place now and in the Lord's hands.

Love Cecil.

“ I remember when I was growing up, I believe the year was 1973. Val bought a sky blue firebird, and I thought she was the coolest lady on earth!! I fell in love with her car and thought that one day she would let me drive it, now I was only 12 at the time, but I could only hope!! Val, I know that you are resting in the arms of our God, and I pray that your family is finding comfort in knowing that as well.
God bless,

“ I remember when Tracy and I were in high school and we would go over to Tracy's house and Tracy's mom would always welcome us. She always had a smile on her face and I could tell she was a very caring and loving person. Many years later I saw Valerie at a store and she remembered me. I was really surprised because it had been many years since I had seen her. Again, that just shows you how much she thought of people. Even though I wasn't that close to her it still was a very sad day for me when I found out she had passed. I, also, felt the pain of my dear friend, Tracy. God felt it was time for this wonderful lady to come spend time with him in her beautiful home called Heaven. I know she is sitting right by God's side and he has his loving arms around her. I will be praying for the family during this sad time and ask God to give them strength.
