“ One of my dearest and best childhood friends, we were connected at the soul and she has always had a special place in my heart.. How she loved her husband and family, she adored them. She was a blessing to everyone's life she touched and I am so grateful I got to see her last year. It was like we caught up where we left off as kids. I loved her so and now I love her as an Angel in heaven. Until we meet again dear friend.

“ I love you mama. Life will never be the same. What a beautiful soul you are and so proud to be your oldest daughter. You showed unconditional love and altruism in everything you did. The strength you provided, how you never lost faith, always taking the high road and doing for others. You were the neighborhood mom that all our friends turned to. The cool mom who wrangled 5 kids and all thier friends. The many nights you patiently waited in the dark for us kids to get home safely. The tears of joy and sadness from all that life has to offer. What I wouldn't give to just hold your hand again, feel your soft touch, hear your voice. You always knew what was needed without us saying a word... you sacrificed so much and without question. I cannot wrap my head around the fact you are gone, too early mama but I know you had to go. I pray to join you when my time is up but until then I will continue the journey of servitude and honor you with love above all else. Forever and a day...

“ *Donlay Family,
I don't have to tell you Sue was a very special lady. I worked with her about 26 years. I loved her for her laugh & the fact she would tell it just like it was supposed to be. She was never afraid to speak her mind that is what I admired about her and she would always listen to you we had lot of long talks numerous times. I know she will be missed by one & all. I have to have surgery next week but she will forever be in my heart & on my mind. My most sincere sympathy goes to all of you.*
