“ I found a house in the gated community across from Hillcrest that I absolutely loved and wanted the brick on my new home to have the same finish. It took a lot of digging but I finally found out William was the one that "white-washed it" and he was from Ramona too! I knew several in his family. He was so nice, he came out and showed me the technique and I white-washed mine. I've had a ton of compliments about it and always give him the credit. He sure was a nice man.
